Title of Data	Nye County Nuclear Waste Repository Project Office Licensing Support Network Implementation Plan, February 2003, NWRPO-2003-01					
Description of Data	<p>This record contains a hard copy and CD of the subject plan in Adobe Acrobat .pdf format.</p> <p>With the Presidential approval of the U.S. Department of Energy (DOE) Site Recommendation for the Yucca Mountain High-Level Radioactive Waste Repository, the DOE is expected to submit a license application to the U.S. Nuclear Regulatory Commission (NRC). In order for Nye County to participate in the license application process, it must make available all of its documents that are relevant to licensing on a web accessible server which is able to be canvassed by the NRC's web indexing software.</p> <p>The subject plan describes the Nye County Nuclear Waste Repository Project Office (NWRPO) process for planning, developing, implementing, and maintaining the NWRPO Licensing Support Network (LSN) system.</p>					
Data Collection Method	<p>This implementation plan is organized into the following sections: Section 1.0 includes a brief background and description of the requirements and responsibilities for the LSN. Section 2.0 outlines the NWRPO processes for identifying the documents that need to be included on the LSN and how NWRPO will address the functional requirements for the LSN. Section 3.0 identifies the steps for developing the pilot NWRPO LSN website. Section 4.0 covers the estimated schedule. Section 5.0 provides estimated costs for the remainder of FY 2002 and for FY 2003. Section 6.0 lists references.</p>
