

NYE County NWRPO -Technical Data Report

RID No.	Transmitter	Org.	Receiver	Org.	Key word1	Title/Description
6783	Walker	Nye County NWRPO	QARC	Nye	22PC	NC-EWDP-22PC Phase V borehole Neutron Density Geophysical Logs
Doc. Date	1/4/2005	General Doc. Type	QA Program Doc	Keyword2	EWDP V	
Entry Date	11/21/2005	Detailed Doc. Type	Geophysical Log	Keyword3	Log	
Data Originator Preparer	Alex Desselle					
Title of Data	NC-EWDP-22PC Phase V borehole Neutron Density Geophysical Logs					
Description of Data	Paper and electronic copy of cased borehole neutron and density geophysical logs from NC-EWDP-22PC from surface to 759 ft. Filenames: 22pc_cased_CD.LAS (compensated density log main pass), 22pc_ cased_CD_repeat.LAS (compensated density log repeat pass), 22pc_cased_CN.LAS (compensated neutron log main pass), 22pc_ cased_CN_repeat.LAS (compensated neutron log repeat pass).					
Data Collection Method	Data collected during geophysical logging of well borehole at site NC-EWDP-22PC on November 11, 2004.					
Data Location(s)	NC-EWDP-22PC					
Data Collection Period(s)	11/11/04					
Data Source(s)	Century Geophysical Corp. Logging System using tools # 9139 S/N 1245 (compensated density tool) and # 9073 S/N 320 (compensated neutron tool). Supporting Data: Scientific Notebook #163 (RID 6480), pages 78-79, and Geophysical Log Header Check Sheet dated 11/11/04.					
Data Censoring	Compensated density log censored from 8.9 to 444 ft because tool appears to respond incorrectly in the unsaturated zone (UZ). Compensated neutron log censored from 8.9 to 475 ft because tool appears to be responding incorrectly in the UZ.					
Data Processing	None					
Data Limitations	Logs run in a series of nested steel casing (drill casings). Compensated density values and neutron (porosity) values are considered relative only as a result of casings. Casing sizes and depths are recorded in REMARKS 2 line of logs. Tool number and serial number recorded on Compensated Neutron paper copy on line REMARKS 1 should be Tool # 9073 S/N 320 not Tool # 9139 S/N 1245.					
Governing QA Docs.	WP 6 Rev. 1, TP-11.0 Rev. 0					
Frequency of Transmittal	Once per well					
Direct Questions About Data To-	Nye County QA Records Center
